ENERGY COST ADJUSTMENT CLAUSE:

Reference Index #1

MINIMUM MONTHLY CHARGE:

The minimum service year charge shall be the higher of the following:

1. In accordance with the line extension policy;
2. As determined in the service contract; or
3. \$300 (this amount is prorated if new service commences after start of service year)

SEDGWICK COUNTY ELECTRIC COOPERATIVE ASSOCIATION INC.

**IRRIGATION
RATE 17**

**SCHEDULE IR-18
Replacing Schedule IR- 09**

TERMS OF PAYMENT:

Bills will be rendered monthly in accordance with the rules and regulations.

After the 12th month of each service year, the Cooperative will calculate the amount due for the remainder of the service year in accordance with the foregoing rate and adjust if necessary on a subsequent billing.

Payment of any amount due on a bill shall be in accordance with the Cooperative's rules and regulations.

Service year shall be from April 1 to April 1 of the following year.

Billing demand shall be the highest one hour demand on an hour ended basis.

**LOAD CONTROL RIDER FOR IRRIGATION SERVICE (EXPERIMENTAL)
RATE 71**

**SCHEDULE IR 18 LC
Replacing Schedule IR 09 LC**

APPLICABILITY:

This rider is applicable to service currently being served under Rate Schedule IR-18.

LOAD CONTROL CREDIT:

If the consumer agrees to participate in the Cooperative's load control program and agrees to the installation of a load control device(s) on the consumer's irrigation equipment, the consumer will receive a demand charge discount of \$8.80 per kW ($\$10.00 - \$8.80 = \1.20 per kW) April-September and \$1.00 per kW ($\$2.20 - \$1.00 = \1.20 per kW) October-March. The load control device(s) will be installed and maintained by the Cooperative. The load control device(s) may curtail service for up to five hours per day on days when the temperature is at or above 95 degrees Fahrenheit.

SPECIAL CONDITIONS:

1. A consumer receiving a discount under this rider would forfeit the discount and be billed under the standard irrigation rate for the entire month if they terminate the program anytime during the service year.
2. The consumer shall make a contribution to the Cooperative for 50% of the cost of the load control device(s) and the cost of installation. All devices shall remain the property of the Cooperative.
3. The minimum annual charge under this program will be \$300.00.
4. The Cooperative has the right to limit the participation in this program, as it is experimental in nature.
5. Any termination of this rider within the first five (5) years would require the consumer reimburse the Cooperative the remaining cost of the load control device(s) and cost of installation.
